

HAND BASKETS

Stand-alone hand basket

Nestable fresh basket

FUNCTION & DESIGN

The innovative Bemis Retail Solutions hand basket is the perfect accessory to your shopping cart fleet. Doing double duty, this hand basket can be used on its own for smaller shopping needs or nested in the front of the full-size cart for a unique fresh basket.

The nestable fresh basket is a great way for your guests to keep the more delicate items separate from the rest of their order. Fresh fruits, vegetables and soft bakery bread remain intact and untouched in this specially designed basket.

HAND BASKET HOLDER

- Sleek, powder coated black metal holder
- Takes up minimal space
- Holds 20 baskets
